## **CODE OF CONDUCT**

We want all young people attending our activities to have a great time and feel safe. This means that we must ALL respect and support each other and help EVERYONE to feel a part of the group.

To make sure this happens, we have a few rules:

### **NO BULLYING**

Bullying includes name-calling, ganging-up, picking-on someone, keeping them out of the group, as well as physically hurting someone. You should not touch/kiss or get too close to someone in a way that makes them feel upset.

### **NO DISCRIMINATION**

This means we do not treat someone unfairly because of who they are – how they look, their disability, race, sexuality, clothes etc

### **PARTICIPATION**

We expect everyone to try their best to take part in activities and give new things a go.

### **RESPECT**

When people find things difficult, we should encourage them.  
We should never laugh at someone who finds things hard.

### **RESPONSIBILITY**

We expect everyone to act sensibly and not to do anything that would cause danger to others.
